

A POWERFUL EDUCATIONAL OPPORTUNITY

HOLOCAUST, GENOCIDE AND TOLERANCE EDUCATION

The **Holocaust Speakers Bureau** offers teachers a unique opportunity to expand their students' classroom experience. We have a large number of Holocaust survivors who reside in this community. They are very motivated to visit school children and give their eyewitness accounts of the Holocaust. Also, available are speakers who were hidden children, those saved through the "Kindertransport", resistance fighters, refugees, as well as World War II camp liberators.

All speakers are authentic to their respective experiences and feel a strong commitment to bring an awareness of the consequences that result when evil is allowed to flourish. They feel privileged and grateful to live in this wonderful country where their voices are being heard.
