Re): 3) Liestro Hendrijus & Dina - Holland (3784).

Mr. Knottnerus brought me in march 1944 to the farm of the Liestro family. The name of the farm was " De Profiet" situated in the village of Westendorp in Holland. Before that date I never knew this family. They have hidden me during eleven months. During daytime I was in a separate room, during the night I slept in a hay garret upstairs in the barn.

Financial arrangements were very low. I only had to pay for the cost of food. I do not know the amount involved as this was arranged by Mr. P. van den Berg, a non Jewish friend of my parents. Mr. van den Berg is no more alive.

The motivation of the Liestro family was: helping people to save their lives.

Because I was in a separate room I never saw neighbours or other family members, except their children. The children knew that I was Jewish and that it was dangerous for their parents to hide me.

However they still were young they never told anybody about my stay at there home.

I had a very good relationship with the Liestro family.

After the war we kept a good contact with each other. Mr. Liestro died one or two years after the war.

The liestro family saved many people.

I give you some names but do not know their addresses:

Mr. S. Levy now living in ELST-Holland.

Mrs. J. de Vries Levy, Utrecht-Holland.

Mrs. S. Vazdias-Mogendorff- Herzlia. ✓

Mr. H. Klaber- U.S.A.

Mrs. Kussel-Levy-Germany

Mrs. D. van Gelder-deBrave.

Mr. M. Rosenbaum.

Mr. and Mrs. E. Polak-Levy.

And there still more names which I do not remember.

The liestro family was, without any doubt , during the war a heroic family, which saved the lives of many Jewish people, risking there own!!!
